

LUSSO PLUS

Lusso Plus is a high-gloss white acrylic bath that has been specially developed to stand at the foot end. The extra lowered part in this bath creates a shower floor, so that the water is quickly drained to the drain. Because the bath drain is located on the short side, the bath can be placed in both the right and the left corner.

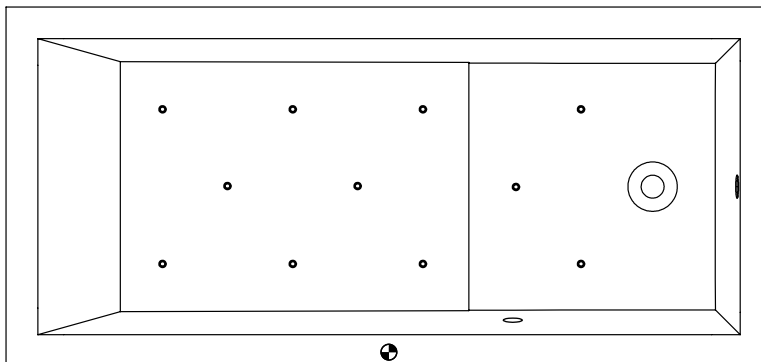

Riho acrylic bathtubs are made of high-quality acrylic, fully reinforced and all through white in colour. The acrylic baths are non-aging and UV resistant. The material is completely pore-free and smooth. Lime will adhere poorly so no bacteria remain. Therefore, the baths are easy to clean. The surface is pleasantly warm. Standard the bathtub does not include a legset and overflow/drain.
