

TOLEDO

This spacious matt white freestanding solid surface bathtub from the FromScratch series is a duo bath with an exciting design. The bath wall is grounded upwards to a minimum wall thickness. In the bottom is a pop-up in the same color as the bath itself. The bath has a lot of interior space to match the outer dimensions of the bath. The outside of the bath can be sprayed in a Sikkens or standard RAL color. A specific back / headrest has been designed for this bathtub, which contributes to the comfortable shape of this bath.

Article nr.	Volume* (ltr)	Weight (kg)
B126001105	301	160

* The contents of the baths are measured including the (average) volume of one person.
