

BILO

This matt white solid surface freestanding bathtub from the FromScratch series is a symmetrical bath with a beautiful receding edge at the bottom of the bath. The bathtub rim is shaped ground upwards to a minimum wall thickness. In the bottom is a pop-up in the same color as the bathtub itself. The bathtub has a lot of interior space despite the bath's modest exterior dimensions. The outside of the bath can be sprayed in a Sikkens or standard RAL color. A specific back / headrest has been designed for this bath, which contributes to the comfortable lying shape of this bath.

Article nr.	Volume* (ltr)	Weight (kg)
B128001105	223	145

* The contents of the baths are measured including the (average) volume of one person.
