

VALOR B2W

This matt white semi-detached solid surface bath is a symmetrical bath with a beautiful, sleek, continuous bath wall. In the bottom is a pop-up in the same color as the bath itself. Essence back-2-wall has a lot of interior space despite the bathtub's modest exterior dimensions. The outside of the bath can be sprayed in a Sikkens or standard RAL color. A compact headrest has been designed for this bath, which contributes to the already existing comfortable lying shape of this bath. This bath also has a freestanding variant with the same sleek design.

Article nr.	Volume* (ltr)	Weight (kg)
B131001105	242	170

* The contents of the baths are measured including the (average) volume of one person.
