

NOVIK Z108 LYRA

The bath wall with rounded top corner can be turned both inwards and outwards and can be placed both left and right. Please note that in case of whirlpools the controls can get in the way.

The Novik symmetrical shower cabins have a classic and at the same time modern appearance. The doors have an open handle and usually open outwards. The profiles are polished aluminium and the 6 mm thick glass is fitted with Riho Shield. Novik guarantees a good price/quality ratio. The cabins and walls are easy to install.

Hardened glass with Riho Shield

Parts are reversible

Thickness of the glass is 8 mm

CE approved, according to EN12150-1

The special seal profile position, the glass profile and the glass screen prevent splashing water making its way out

Door with lift mechanism

Article number	H x W (cm)	A (cm)	Glass (mm)
GZT91000891 (L)	150 x 89	88,5 - 89,9	6
GZT91000892 (R)	150 x 89	88,5 - 89,9	6

The Lyra of 153.5 has a collar, which prevents the bath wall from closing all the way to the wall.
