\*\*\* Decoscreen optional

## DEFINE 400

The Define series is characterized by its slim frame and thin profiles, which gives the shower walls a modern and elegant look, and because there are hardly any mounting materials visible, Define brings tranquility to the bathroom interior. The shower walls are available in two contemporary colours, copper matt and gun metal matt, making the walls a jewel for any modern bathroom and perfect for a 'hotel chic' interior. The Define shower walls can also be expanded with a deco screen, which is not only a practical addition due to the integrated towel holder, but this also gives the shower walls a striking and unique character.

Define is easy to install and available in two versions and several sizes.

Hardened glass with Riho-Shield

Thickness of the glass is 6 mm

Optional towel holder

Parts are reversible

CE approved, according to EN12150-1

Possible to combine with and create other setups by using the available H-profile

Article number (copper matt)	Article number (gun metal matt)	W x H (cm)	A (cm)	B (cm)	Glass (mm)
